The University of Alabama National Alumni Association

2017 Outstanding Commitment to Teaching Awards

In 1976, The University of Alabama National Alumni Association began an innovative program designed to annually recognize four faculty members at the Capstone who demonstrate “Outstanding Commitment to Teaching.” The awards are based on the faculty members’ commitment to teaching and the impact they have had on students through the teaching and learning process. An attractive plaque and a cash stipend are presented to the recipients. All full-time faculty are eligible. Nominations are accepted from alumni, faculty and students, with the selection committee composed of the same. Presentation of the awards is made at the Fall General Faculty Meeting.

Nomination Procedure:
Nominations will consist of the form below and a nomination statement not to exceed 350 words. Nominations are considered for one year only. In addition, letters of support from faculty, staff, alumni and students are strongly encouraged and may be submitted separately, with a limit of five letters per nominee. Send the nomination form and statement along with an updated resume and any supporting material to:
