

SOUTH TALLADEGA COUNTY

A Chapter of The University of Alabama National Alumni Association

South Talladega County UA Alumni Chapter Website

What is Operations Management?

The major focuses on the effective management of the resources and activities that produce or deliver the goods and services of a business; therefore, keeping it in business. Operations managers oversee the people, materials, equipment, and information resources that a business needs to produce and deliver its goods and services. Many of the most well-known data systems operating the processes and activities of worldwide business are designed by operations managers.

Why Major in Operations Management?

- Part of the nationally ranked Culverhouse College of Commerce (Business School)
- Average starting salary approximately \$55,000
- Low student to faculty ratio
- Student organization available (Society of Operations Management)
- Specializations of Supply Chain and Production Management offered
- Accelerated path to Masters in Operations Management available

Scholarships for Operations Management

The Leonard Lee and Rebecca Erline Black Evans Endowed Scholarship was created in 2014 by a South Talladega resident for Operations Management majors who are active in the Society of Operations Management (SOMS) and achieve an overall minimum grade point average of 3.0. Preference is given to South Talladega County students.
